

ANANZ

Anthroposophical Nurses Association in New Zealand

## Application for Inclusion on the ANANZ Register

**Rationale:** In seeking to care for the integrity of anthroposophical nursing and to also articulate with nursing in the wider sense, we offer the opportunity for practicing anthroposophical nurses to apply to be entered on a Register. This initiative aims to support the continued development of our nursing work in New Zealand.

Any practicing anthroposophical nurse is expected to apply for entry to the ANA Register for Anthroposophical Nurses. Initial application requires an administration fee of \$50 with 2 yearly updating costing a further \$20. The committee will assess applications and may negotiate further demonstration of competency if required.

The requirements are:

- Current practicing certificate ( copy )
- Evidence of having completed a Medical Section approved anthroposophical nurses training
- Membership of a professional nursing organisation that provides indemnity for nursing practice
- Membership of the ANANZ
- Contact/involvement in an ANANZ regional group is encouraged to support study and peer review. Failing that, evidence of peer support and review through participation in a medical section study group is required.
- Attendance at a minimum of one weekend ANANZ workshop/seminar each year.

Once entered on the Register, nurses will be sent an update form to be completed and returned every two years to maintain currency.

Please forward with application fee to: **Registrar—ANANZ**  
**PO Box 13001**  
**Mahora**  
**Hastings**
